You can sit in the waiting room until it is your turn.

	You may be asked to go into a cubicle and get changed into a gown.
	You might have to take your watch or jewellery off.
	The radiographer will help to put you in the right position.
	You should try to stay as still as you can.
	They will shine a light on you from the x-ray machine.
	It is like having your picture taken.
	It does not hurt.
