Oncology Service Leaflet
Information for patients/carers/relatives

Welcome to Oncology outpatients, our service is based within both Calderdale Royal Hospital and Huddersfield Royal Infirmary. Our nursing team work cross site to cover the service. The aim of this booklet is to provide information about what to do and what to expect when you attend the department for a clinic appointment.

We aim to provide high quality care in an open and friendly environment where you and your family can express your needs. To this end the team will always be pleased to try to answer any questions or concerns that you or your family may have.
